RULES AND REGULATIONS

1. Should you win or tie in a class in any 16 yard or doubles event or earn yardage in any handicap event, it shall be your responsibility to report to the handicap desk and have your yardage increased or classification reviewed. Any shooter whose class or yardage is changed for any reason shall be considered to be notified when the new class or yardage is posted on the bulletin board.
2. Any shooter failing to carry out **RULE 1** above or who shoots in a incorrect class or from a yardage marked higher or lower than that assigned by the handicap committee will be subject to disqualification and will not be eligible to share in any money division or be eligible for trophies.
3. If a shooter's score qualifies for more than one trophy the shooter must notify the trophy room which trophy they desire to take or shoot-off for. Failure of the shooter to make notification within **15 MINUTES** of that event's last scores being posted imposes on shoot management the duty to make the determination for the shooter. Shoot management shall give priority to category over class trophies.
4. A shooter may not "fall back" from a class to a category trophy or from one category trophy to another if they are unsuccessful in the shoot-off. However, a shooter may shoot-off for event champion and place trophies and then "fall back" to a category or class trophy.
5. Any special category declaration is to be made at the time you are classified. For purposes of special category declaration the time of entry is when you are classified. Report special category omission on bulletin sheets to the cashier's office.
6. Each shooter who is entitled to receive money won during any event agrees that if such money is not received by him during the period of this tournament, a check in payment for the money won may be mailed to him at the address indicated by ATA records and when so mailed, the club will not be liable in any matter whatsoever for any check lost, stolen, unclaimed or otherwise not received by the shooter.
7. Shooters who do not have a total of **800** registered 16-yard targets in the current and previous two years will be placed in class **B or higher** at the discretion of the classification committee.
8. Shooters who do not have a total of **500** registered doubles targets in the current and previous two years will be placed in class **B or higher** at the discretion of the classification committee.
9. Shooters who do not have a total of **1000** handicap targets in the current and previous two years will be assigned yardage. Adult males and juniors will be assigned **23 yards or ATA yardage**, ladies, sub-juniors, veterans and senior veterans will be assigned **21 yards or ATA yardage** whichever is greater. Known ability may also be applied by the handicap committee.

CLASSIFICATION

Shooters are required to have their 16-yard and doubles averages computed for use by the handicap committee.
